

# 25kW Southeast European Folding Container for Cement Plants

## Overview

---

How many tons can a MEKA storage silos hold?

MEKA offers a wide range of storage silos for powder products like, Lime, Fly Ash, Microsilica, Bentonite and others. The capacities vary from 50 to 500 tons (calculating at 1,25t/m<sup>3</sup>). Two discharge cones are available as an option. Welded silos are the best choice for short distance transportation and require minimum installation time.

What is the role of storage and transportation system in cement plant?

In each section of cement plant, storage and transportation system plays a decisive role. For example, raw material homogenization and transportation, clinker storage and transportation, as well as finished cement storage, conveying and distribution. SRON provides bulk material storage and transportation system solutions for cement plant customers.

Where can we manufacture cement plant equipment?

We are in partnership with renowned workshops and fabrication facilities in Europe and China for manufacturing of cement plant equipment. Our partner manufacturing facilities are already the OEM for famous European engineering companies.

## 25kW Southeast European Folding Container for Cement Plants

### Cement Silos

Cement silos are large-capacity storage tanks used for storing and preserving cement and other fine-grained materials. They ...
