

# 360v energy storage high voltage battery pack

## Overview

---

Why should you choose Expion360's E360 battery?

Expion360's E360 Battery is engineered with advanced LiFePO4 chemistry to optimize power and performance in the RV, overland, van building, marine, and off-grid industries. At Expion360, we understand the unique power needs of these industries.

How long does a 360 Battery last?

The 360 Battery can power a 10 A load for approximately 36 hours. It can recharge from empty in as little as 2 hours at its maximum charge rate.

Why should you invest in the E360 battery?

The e360 Battery is an investment in reliable and consistent power for all your adventures. It is suitable for various uses such as RVs, overland vehicles, off-grid living, marine vessels, and off-grid homes.

Is the E360 battery UL1973 compliant?

The e360 Battery is designed and engineered in Central Oregon to meet the highest safety and performance standards, including UL1973 compliance on the entire battery. Experience the power and performance of advanced LiFePO4 chemistry with the E360 battery.

## 360v energy storage high voltage battery pack

### High voltage 360v Lithium lifepo4 battery pack ifepo 300ah for ...

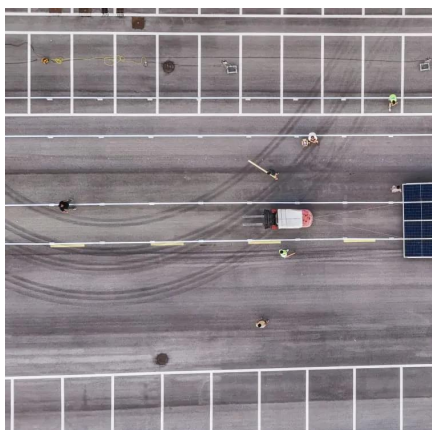

At 300Ah and 360V, this battery pack is designed to handle high energy demands without compromising performance. Its large capacity allows for prolonged backup power supply, ...
