

# Australian Mobile Energy Storage Container Grid-Connected Manufacturer

## Overview

---

Each of our BESS products are designed to be modular, scalable, and fully integrated, with a low Mean Time to Repair (MTTR) for medium to large scale projects. They're made with readily accessible components, N+1 redundancy, and hot-swappable products, ensuring easy onsite servicing.

Each of our BESS products are designed to be modular, scalable, and fully integrated, with a low Mean Time to Repair (MTTR) for medium to large scale projects. They're made with readily accessible components, N+1 redundancy, and hot-swappable products, ensuring easy onsite servicing.

At Apex Energy Australia, we offer state-of-the-art Battery Energy Storage Systems (BESS) tailored to meet diverse energy needs. Our solutions range from bespoke designs to pre-packaged high-voltage (HV) systems sourced from trusted international partners, ensuring optimal performance for large.

Looking for a reliable, modular, and scalable battery energy storage system?

PowerPlus Energy has you covered. Our all-weather suited systems are made with readily accessible components and can be mixed and matched to suit specific project requirements. Perfect for those who want an Australian-made.

Its Battery-Box Premium series offers flexibility, safety, and long cycle life, suitable for a range of applications in Australia. Headquartered in China but with strong presence in Australia, AlphaESS provides smart, user-friendly residential and C&I solutions. Its SMILE series supports modular.

Aggreko's fully integrated, plug-and-play battery energy storage systems (BESS) provide reliable and efficient energy solutions for industrial and commercial needs. With flexible and scalable options, our systems help optimise energy use, reduce costs, and lower emissions. Our battery energy.

At SCS Australia, we design and deliver containerised energy storage systems that provide safe, efficient, and scalable power solutions for industries, businesses, and communities. Housed in durable shipping containers, our systems are engineered to meet the growing demand for renewable.

Collaboration with World's Leading BESS Manufacturer Produces Breakthrough  
Technical and Commercial Solution to Help Decarbonise Australian Industry  
Multiple Quinbrook Sites in NSW, Queensland and Northern Territory to Host 3GW  
of Innovative Long Duration Battery Storage Teamed with Renewables.
