Our line of containerized generators is easily configurable to the needs of any application, from rental to disaster relief to mining — with a whole host of value-added standard features, options and customizations. [Learn more.](#)

Factory pre-integrated and customizable per site requirements, the new Cummins Containerized Series generator sets can provide significantly shortened lead time for installation, and a lower cost of ownership via a flexible design. Developed in-house based on our legacy of technological innovations.

Our Tier 4 containerized generators are high-powered —500 kW to 1250 kW— units packaged in 30-foot or 48-foot ISO containers. The larger footprint of these units allows for more versatility from a manufacturing specification standpoint — we can easily equip your gen set with greater levels of sound.

With the optional Qc4003™ controller, two or more QEC units can be put into parallel. It is a flexible power solution for loads that exceed the output capability of a single generator set. This type of power management system PREDICTABLE POWER The Atlas Copco QEC generators packs a punch, up to 1.

Jenbacher offers containerized generator sets based on our Type 2, 3, 4, and 6 gas engines. Leveraging the expertise acquired during several decades with more than 3,000 containerized units delivered, our genset containers offer optimal performance in various site conditions. By maintaining.

The most rugged, dependable and easy-to-operate generator sets for refrigerated container units. Carrier's industry-leading PowerLINE Generator Sets are designed and built for continuous, unattended operation for all refrigerated containers transported by road or rail worldwide. No matter your.

This Cummins QSK60 Series Containerized Generators is a fully integrated, robust power generation system that sets new benchmarks in performance, reliability, and efficiency for multiple applications. It is available with many options and can

be customized based on your site and application needs.
