Khalifah Khoury Chairman Apex Investment and Enercap Energy Holdings, and Mark Blackwell CEO Apex Investments (Photo: AETOSWire) DUBAI, United Arab Emirates-- (BUSINESS WIRE)-- Dubai-based supercap energy storage manufacturer Enercap.

A bold new alliance is set to disrupt energy storage—promising faster, safer, and scalable alternatives to lithium-ion. [PARTNER CONTENT] In a significant move signalling the region's increasing shift towards next-generation energy technologies, Dubai-based Enercap Holdings and Abu Dhabi's Apex.

The UAE holds the eighth-largest pipeline of energy storage projects globally as the world shifts towards renewable energy. Although the value of these projects in the Emirates is significantly less than that of the USA, which has over \$17 billion in energy storage projects in development, reports.

The Middle East is rapidly emerging as a hotspot for energy storage container production, driven by growing investments in renewable energy and grid modernization. This article explores the region's evolving market, key applications, and the role of modular solutions like those The Middle East is.
