

# Energy storage solar project landed

## Overview

---

In December 2024, Electrek reported that Arevon Energy 's Eland 1 Solar-plus-Storage Project, one of the largest solar and battery storage systems in the U.S., went online, delivering clean energy to Southern California.

In December 2024, Electrek reported that Arevon Energy 's Eland 1 Solar-plus-Storage Project, one of the largest solar and battery storage systems in the U.S., went online, delivering clean energy to Southern California.

Energy developer, owner, and operator Arevon Energy's Eland Solar-plus-Storage Project is now fully operational, and it is one of the largest facilities of its kind in the country. The two-phase project, comprised of Eland 1 & 2, will have the ability to provide power to over 266,000 homes each.

Mojave, California, is now home to one of the most ambitious solar and battery projects in the United States. In December 2024, Electrek reported that Arevon Energy 's Eland 1 Solar-plus-Storage Project, one of the largest solar and battery storage systems in the U.S., went online, delivering clean.
