Lorünser Austria GmbH specializes in the development and production of switchgear, offering solutions for high voltage applications up to 420kV AC and 850kV DC. With over 70 years of experience, the company ensures reliable operation and economic efficiency for utilities and power supply systems.

Panelboards and switchgear are electrical distribution devices that convert incoming electrical power into several smaller circuits and provide overload protection in the form of fuses or circuit breakers. (more) Description: We enable electrification for a sustainable future Schaltbau GmbH Group.

At the competence center BT-Anlagenbau we design switchgear layouts and wiring with EPLAN Pro Panel P8. This saves time in production, reduces the lead time and minimizes sources of errors. In addition, BT-Anlagenbau is a Siemens SIVACON S8 licence partner, is certified in accordance with UL 508A.

What types of switchgear does Acme Switch Gear manufacture?

Acme Switch Gear manufactures a wide range of switchgear, including low-voltage, medium-voltage, and high-voltage switchgear. Our products cater to various industrial and commercial applications, ensuring safety and reliability in.

In addition to design and engineering services in electrical and switchgear manufacturing, we offer you comprehensive service offerings, particularly for machines and systems in industrial automation. R+ S Group is a Europe-wide specialist in switchgear construction as well as control and.
