

French solar glass

Overview

Who are AGC Glass Europe & Rosi?

Saint Honoré, September 13, 2024 – AGC Glass Europe, part of the global AGC Group and a global leader in flat glass manufacturing, and ROSI, a frontrunner in the recovery and recycling of high-value raw materials from the photovoltaic industry, have entered into a strategic partnership agreement.

Which float glass is best for solar applications?

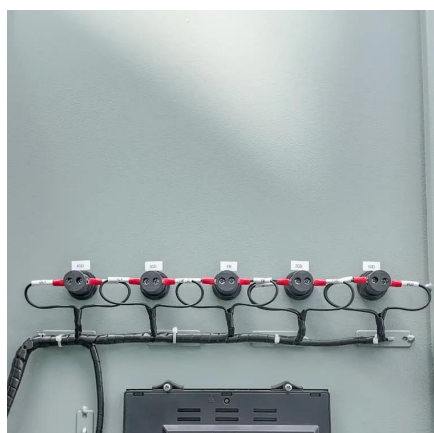

Arsenic- and antimony-free extra clear float glass for solar applications. SunMax Premium is exclusively produced in a float glass process. The industrial float glass process adheres to very strict production tolerances and guarantees the lowest possible defect density. Read more about some of our recent selected finished success stories.

What's new at Saint-Gobain glass & luxwall?

Saint-Gobain Glass & LuxWall launch INSIO®: transparent insulation for energy-efficient buildings. Discover COOL-LITE® XTREME 51/23 (II), Saint-Gobain Glass's new solar control glazing combining daylight, comfort, aesthetics, and sustainability. The wait is over: the Saint-Gobain Glass Reference Book 2025 is here!

French solar glass

French CleanTech(TM) , Materials

Developed in partnership with the INSA Strasbourg (National Institute of science and technology applied in Strasbourg), this glass solar qualities may be of interest to construction professionals.
