

# Georgia solar container lithium battery energy storage project

## Overview

---

Georgia Power announced today that construction is underway on 765-megawatts (MW) of new battery energy storage systems (BESS) strategically located across Georgia in Bibb, Lowndes, Floyd and Cherokee counties.

Georgia Power announced today that construction is underway on 765-megawatts (MW) of new battery energy storage systems (BESS) strategically located across Georgia in Bibb, Lowndes, Floyd and Cherokee counties.

Georgia Power announced today that construction is underway on 765-megawatts (MW) of new battery energy storage systems (BESS) strategically located across Georgia in Bibb, Lowndes, Floyd and Cherokee counties. The BESS projects were authorized by the Georgia Public Service Commission (PSC) through.

Georgia Power, the largest electric subsidiary of Southern Company, announced that construction is underway on 765-MW of new battery energy storage systems (BESS) located across Georgia in Bibb, Lowndes, Floyd, and Cherokee counties. The BESS projects were authorized by the Georgia Public Service.

Earlier this month, Georgia Power Company submitted its 2023 Integrated Resource Plan Update (2023 IRP Update) to the Georgia Public Service Commission, which includes an Application for Certification for four battery energy storage systems totaling 500 MW. Georgia Power included attachments with.

ATLANTA, May 7, 2025 / PRNewswire / -- Georgia Power announced today that construction is underway on 765-megawatts (MW) of new battery energy storage systems (BESS) strategically located across Georgia in Bibb, Lowndes, Floyd and Cherokee counties. The BESS projects were authorized by the Georgia.

Georgia Power has embarked on an ambitious initiative to enhance the state's energy infrastructure by commencing the construction of 765 megawatts (MW) of new battery energy storage systems (BESS) across four counties in Georgia. This strategic move aims to bolster grid reliability and support the.

Georgia Power breaks ground at the McGrau Ford Battery Facility in Cherokee County on April 4, 2025. This 530-megawatt battery energy storage system will consist of two phases, approved in the 2022 Integrated Resource Plan (IRP) and
