Low Voltage Switchgear
Medium Voltage Switchgear
High Voltage Switchgear
Medium Voltage (MV) Switchgear is a fundamental component that helps safeguard electrical systems with voltage rankings between 1kV and 38kV. RESA Power is a proud distributor and manufacturer of a variety of switchgear styles including metal-clad, metal-enclosed, pad-mounted, and more. Common uses of MV switchgear systems are found in medium to large industrial facilities. See more on resapower.com or Doho Electric
