

Industrial frequency sine wave inverter 3000w

Overview

This high efficiency pure sine inverter converts 24 Volts DC to 3000 Watts of AC power at 120 Volts, 60 Hz. Features include temperature controlled cooling, low interference, wide temperature operating range, overload protection, low battery alarm / shut down & low idle power.

This high efficiency pure sine inverter converts 24 Volts DC to 3000 Watts of AC power at 120 Volts, 60 Hz. Features include temperature controlled cooling, low interference, wide temperature operating range, overload protection, low battery alarm / shut down & low idle power.

The Go Power! 3000 watt Industrial Pure Sine Wave Inverter is the ultimate choice for large loads, capable of powering multiple appliances and electronics. Our largest pure sine wave inverter, the Go Power! GP-ISW3000 is the ultimate choice for large loads that demand an exact replica of AC power.

This is a compact and highly portable power inverter that has an excellent track record in the field of high-frequency inverters. From the 12V DC outlet in your applications e.g., vehicle or boat, or directly from a dedicated 12V DC battery, this inverter can efficiently and reliably power a wide.

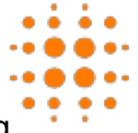

Our 3000-watt pure sine wave inverter now boasts a dual GFCI outlet and is FCC certified. It is one of the cleanest and most efficient pure sine wave inverters on the market today. This inverter provides a half-second surge to 6000 watts - longer than other inverters in its class. With this pure.

This is a compact and highly portable power inverter that has an excellent track record in the field of high-frequency inverters. From the 12V DC outlet in your applications e.g., vehicle or boat, or directly from a dedicated 12V DC battery, this inverter can efficiently and reliably power a wide.

.

Experience uncompromising power reliability with the AIMS Power 3000W Pure Sine Power Inverter. Engineered to deliver true 120/240VAC split phase power with

a true neutral – virtually identical to grid power. Engineered for demanding environments, this inverter delivers a massive 9,000-watt surge.
