

Island Station solar Panels

Overview

Why should you install a solar panel system in Long Island?

Installing a solar panel system involves no upfront costs and can help you drastically decrease your energy costs. Long Island residents and business owners have recognized SUNation as the top solar and battery storage company for 20+ years running and we're proud to continue serving the region for years to come. Per Year From Solar Savings!.

Why is solar a good option for Long Island power solutions?

Solar is efficient, without any of the waste that is seen on the grid. Solar is more reliable, especially with a battery backup system. Solar is more affordable, with significant savings even when financing a system. Every Long Island Power Solutions solar installation comes with a 25 Year Warranty! Solar works year-round.

Why should you choose Long Island power solutions?

Reduce or in some cases eliminate your monthly electric bill with Long Island Power Solutions. We offer residential solar installation with flexible financing and no money down. Use your expected tax credits to enjoy an initial interest-free period before the regular term loan. Solar at home gives the reliability and affordability that you demand.

Why should you choose a solar panel installation service?

More than 5,000 homes throughout Long Island and New York City have become energy independent with our solar panel installation services. The benefits of solar more than make up for the initial investment. Solar is cleaner, helping to offset your carbon footprint and protect our environment.
