

Monrovia Energy Storage Industrial Park

Overview

The Moss Landing Power Plant is a powered generation plant as well as a , located in , United States, at the midpoint of . As of 2025 , the site's battery storage facility is one of the largest in the world, at 630 MW () and 2,500 MWh (). The energy storage facility stores excess electricity (usu.

Monrovia Energy Storage Industrial Park

Moss Landing Power Plant

The Moss Landing Power Plant is a natural gas powered electricity generation plant as well as a battery energy storage facility, located in Moss Landing, California, United States, at the ...
