

North Africa Gravity Energy Storage Project

Overview

The agreement was executed in Q4 2023 with Gravity Energy Storage Solutions (Pty) Ltd (GESSOL), a consortium company focused on energy storage deployments in Southern Africa, and includes one of the largest listed engineering, procurement and construction (“EPC”).

The agreement was executed in Q4 2023 with Gravity Energy Storage Solutions (Pty) Ltd (GESSOL), a consortium company focused on energy storage deployments in Southern Africa, and includes one of the largest listed engineering, procurement and construction (“EPC”).

Energy Vault Holdings, Inc. (NYSE: NRGV) ("Energy Vault" or the “Company”), a leader in sustainable, grid-scale energy storage solutions, announced that it has signed a new licensing and royalty agreement in the Southern African Development Community (SADC) region. The agreement was executed in Q4.

Strategic investments in energy storage can position Africa as a leader in sustainable energy. Through comprehensive systems of energy storage, countries across the continent can transform their renewable energy landscapes, boost energy resilience, and ultimately support broader socio-economic.

Grid-scale energy storage solutions company Energy Vault has signed a licensing and royalty agreement with a South African consortium, established with the aim of deploying the NYSE-listed company’s gravity energy storage systems across the 16 countries that make up the Southern African Development.

Advanced Rail Energy Storage (ARES) uses proven rail technology to harness the power of gravity, providing a utility-scale storage solution at a cost that beats batteries. ARES' highly efficient electric motors. Advanced Rail Energy Storage (ARES) uses proven rail technology to harness the power.

License executed with GESSOL (Pty), a South Africa-based consortium including WBHO, one of the largest listed EPC companies in Southern Africa (JSE: WBO), iX Engineers and Sizana Solutions Agreement includes multi-year license revenues and additional royalty revenue streams tied to project.
