

Port Vila energy storage solar equipment manufacturer

Overview

Where is Convalt developing a solar PV project?

Convalt has developed a fully permitted 300 MW AC solar PV project in the Mandalay Division of Myanmar, Southeast Asia. Convalt is developing a 1.2 GW solar PV project in Attapeu Province of Lao P.D.R. MOU was signed on August 31, 2017. Convalt is developing a 120 MW solar project to service the capital region of Chad – namely N'Djamena.

What is Convalt doing with a solar project in Maine?

Convalt is developing this 12 MW solar project in two phases of 2 MW and 10 MW each in the State of Maine. Convalt is developing this 3 GW solar project which would sell the electricity to residents and businesses in the State of Maine.

Is Convalt Energy restoring America's solar manufacturing commitment?

America's solar manufacturing commitment has long been absent. Convalt Energy is restoring it, on track to become the nation's second-largest producer of advanced mono-crystalline solar panels, powering a stronger, sustainable domestic industry. Convalt began developing renewable projects across Southeast Asia and Africa.

What does Convalt Energy do?

Convalt Energy is rebuilding America's solar foundation with precision and purpose. Our factories will produce Tier 1 solar panels for residential, commercial, industrial, and utility-scale projects, restoring resilience to the U.S. solar supply chain. Our business model is built for the future.
