At SCS Australia, we create solar powered shipping containers that combine renewable energy technology with the strength and mobility of a shipping container. These self-sufficient units are ideal for powering off-grid operations, mobile businesses, events, and remote projects—all while reducing.

Ready for your next big thing?

At 1300Sparebox, we offer a wide range of new and used shipping containers at competitive prices, including refrigerated and regular containers. Whether you need a compact 10ft container or a spacious 40ft one, we've got you covered. Our containers are built to last.

Thousands of Aussies Google "shipping container cost" every month, only to find patchy price lists and hidden surcharges. Most price lists are either outdated or hide the extras. You'll find here a transparent 2025 guide to shipping container costs that provides real-world figures. We'll explain.

At Modbox, we design and build shipping container solar solutions to securely house your solar panels, batteries, inverters, and other equipment. Whether you're powering a remote worksite, an off-grid project, or a backup energy system, our containers are built tough for Australian conditions.

Below are our indicative price ranges for new and used shipping containers across Australia. For the most accurate delivery cost, please call us or request a quote online. We design and build shipping containers featuring integrated solar systems that can be used to provide microgrid energy solutions. The solar array is mounted directly onto the container, and can provide both off-grid and grid-tied functionality, with all necessary equipment to ensure safe and. Where to buy a shipping container in Australia?

Biggest Range, Best Prices, Fast Delivery! Looking to buy a shipping container in Australia?

Port Shipping Containers offers a diverse range of shipping containers for sale, catering to various needs—from personal storage to large-scale commercial projects.

What is a solar powered shipping container?

At SCS Australia, we create solar powered shipping containers that combine renewable energy technology with the strength and mobility of a shipping container. These self-sufficient units are ideal for powering off-grid operations, mobile businesses, events, and remote projects—all while reducing carbon footprint and cutting energy costs.

Why should you buy used shipping containers in Australia?

Used shipping containers in Australia have many uses. Not only are these shipping containers utilised for the storage and transportation of cargo, they are also pressed into all manner of services at home, in your yard, at on-site areas, and in a myriad other services. You could buy used shipping containers. You can also hire them.

What are refurbished used shipping containers in Australia?

Refurbished used shipping containers in Australia are like portable buildings and can be used in any way one wants. The advantage of a shipping container is that it can perform like an enclosed space and can be used right from the time it is transported to the desired location.
