

San Diego Energy Storage Fire Solution

Overview

The EPA has ordered Gateway Energy Storage to clean up and dispose of the nearly 15,000 lithium-ion batteries that caught fire in a San Diego storage facility in May 2024.

The EPA has ordered Gateway Energy Storage to clean up and dispose of the nearly 15,000 lithium-ion batteries that caught fire in a San Diego storage facility in May 2024.

SAN DIEGO (FOX 5/KUSI) — The U.S. Environmental Protection Agency (EPA) announced Monday Gateway Energy Storage will be required to clean up after a lithium-ion battery fire at a San Diego storage facility in May 2024. Nearly 15,000 nickel-manganese-cobalt lithium-ion batteries caught fire in.

SAN DIEGO, Calif. (July 7, 2025) - U.S. Environmental Protection Agency (EPA) has entered into a settlement agreement with Gateway Energy Storage, LLC to direct cleanup in the wake of a lithium-ion battery fire that occurred at the company's energy storage facility in San Diego. "Calling a

With three fires at BESS facilities over the past year, CBS 8 is learning more about safety protocols and the county's attempt to catch up on regulations. SAN DIEGO COUNTY, Calif. — Battery Energy Storage Systems (BESS) help support the power grid, but operating such facilities carries inherent.

Recent energy storage fires in San Diego led to one of the region's cities imposing a ban on new energy storage projects - such steps emphasize the need for the storage sector to do everything possible to mitigate fire risk Earlier this year, it emerged that the San Diego County Board of

The U.S. Environmental Protection Agency has mandated a cleanup at the Gateway Energy Storage facility in San Diego following a lithium-ion battery fire that broke out last year. The fire, which lasted intermittently from May 15 to May 28, 2024, involved some 14,796 nickel-manganese-cobalt.

Battery blazes at Otay Mesa and Escondido prompted calls for a temporary halt on new sites but the local authority decided instead to extend a requirement to include details of fire safety systems as part of planning applications. From ESS

News The Board of Supervisors of San Diego County, in.
