

Smart Financing for Mobile Energy Storage Containers in Cyprus

Overview

Cyprus' Ministry of Energy, Commerce and Industry has launched a subsidy scheme for energy storage systems that can be added alongside existing renewable energy plants. Eligible renewable power plants should be remunerated either by feed-in tariffs (FiTs) or net billing systems.

Cyprus' Ministry of Energy, Commerce and Industry has launched a subsidy scheme for energy storage systems that can be added alongside existing renewable energy plants. Eligible renewable power plants should be remunerated either by feed-in tariffs (FiTs) or net billing systems.

The Mediterranean island country's Ministry of Energy, Commerce and Industry announced last week (14 November) that the government Council of Ministers had approved the €35 million (US\$36.89 million) scheme that day. For existing projects, grant amount is capped at 125 EUR per kW of power storage.

The government of Cyprus has published guidelines for a scheme to support the deployment of approximately 150MW/350MWh of energy storage. The Ministry of Energy, Trade and Industry for the Mediterranean island state in southern Europe published its guide (7 February) for the scheme after the.

The Ministry of Energy has today published guidelines for its €35 million energy storage scheme, previously approved by the Council of Ministers, aimed at promoting energy storage solutions across the country. The scheme, funded through the 'THALIA 2021-2027' Cohesion Policy Programme and the Just.

Cyprus' Ministry of Energy, Commerce and Industry has launched a subsidy scheme for energy storage systems that can be added alongside existing renewable energy plants. Eligible renewable power plants should be remunerated either by feed-in tariffs (FiTs) or net billing systems. Cyprus has.

Cypriot citizens and legal persons owning renewable energy systems can apply from February 14 for grants to add batteries. The EUR 35 million program is funded from the European Union's Just Transition Fund. The Council of Ministers of Cyprus approved the Grant Scheme for Energy Storage Systems in.

The Scheme includes calls for proposals for EU grants targeting hybrid energy

systems (combining renewable energy and storage installations) under the Just Transition Mechanism (JTM), Pillar I Just Transition Fund (JTF). The regulatory framework for this EU Funding Programme is set out in.
