

The largest accessory of Huawei's solar container energy storage system

Overview

LUNA2000-5-10-15-S0 (Smart String ESS) provides solar energy storage for required moments. Independent energy optimization brings 10% more usable energy and flexible expansion. 4-layer protection redefines power storage safety.

LUNA2000-5-10-15-S0 (Smart String ESS) provides solar energy storage for required moments. Independent energy optimization brings 10% more usable energy and flexible expansion. 4-layer protection redefines power storage safety.

Energy Storage System Products List covers all Smart String ESS products, including LUNA2000, STS-6000K, JUPITER-9000K, Management System and other accessories product series.

Huawei FusionSolar offers scalable storage solutions across all segments: from the new LUNA2000-S1 for residential buildings to the powerful LUNA2000-215-2S10 for C&I applications and the 4.5MWh-2H1 large-scale storage system for utility projects. The systems are based on safe LFP technology and.

In early December, Huawei signed a supply agreement for the 4.5GWh battery storage system of the MTerra Solar project with Terra Solar Philippines Inc. (TSPI). In early December, Huawei signed a supply agreement for the 4.5GWh battery storage system of the MTerra Solar project with Terra Solar.

PV Guided Tours: The system supplies three-phase backup power and utilises an intelligent EMS. The focus is clearly on safety and efficiency – including for the new, hybrid-cooled Luna2000-215kWh battery storage system for C&I. It has been awarded the highest safety certificate by TÜV Rheinland.

The global solar storage container market is experiencing explosive growth, with demand increasing by over 200% in the past two years. Pre-fabricated containerized solutions now account for approximately 35% of all new utility-scale storage deployments worldwide. North America leads with 40% market.

Huawei and BYD were among the five largest battery energy storage system (BESS) integrators globally last year, with the Chinese market going through a 'price war' of competition, according to research from Wood Mackenzie. Sungrow topped the list of 2022 deployments with a market share of 16% last.
